The course content is outlined and discussed on the first afternoon, and is then adapted as appropriate. Participants should bring a coursebook or unit for use during the programme.

Objectives

Language enrichment

The aim of the morning sessions is to develop your language skills so that you will feel more confident teaching in English. The sessions aim to develop your language skills with a particular focus on speaking and listening, extend your vocabulary, grammatical and functional knowledge, and also to improve your knowledge of pronunciation.

Teaching techniques

In the afternoon sessions, participants will experience a variety of teaching techniques, materials, devices and procedures designed to help students acquire language. There is a focus on current methodologies and practical teaching skills that participants will evaluate for effectiveness and also discuss ways of adapting these to fit in with different teaching contexts.
